The Golden Anniversary Edition

1958

1968

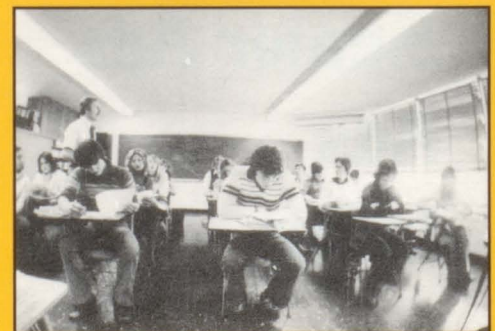

1978

The Dream That Became a Reality was the theme of the first yearbook of North Scott and this was the plans for the high school.

Do you recognize this place??? Well it is the entrance to your high school in 1968.

The average classroom in 1978....how long has it been since a chalkboard as been in a classroom?

The Shield 2008

Congratulations are in order for the North Scott High School....you are 50 years old! Over the years North Scott has changed in so many ways. Not only has the school building grown but the faculty and students as well. This past year has been one to remember. New teachers, new coaches, and new memories are only some of the amazing things that will stay with this school for the next 50 years. Every year is a challenge for this school and the students in it. Students will travel through new experiences while remembering the past. This year was our school's 50th anniversary and because of this special occasion the Shield staff wanted to bring you something amazing... the Golden Edition of the Shield:

A Blast From the Past

--Nicole Barreca, Editor-in-Chief

1988

1998

2008

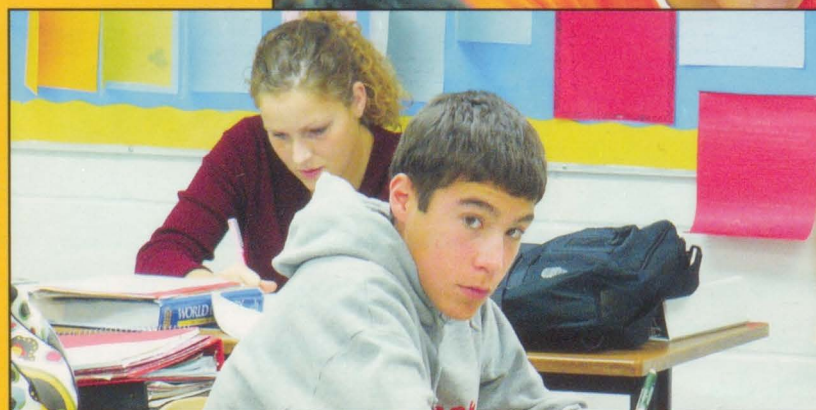

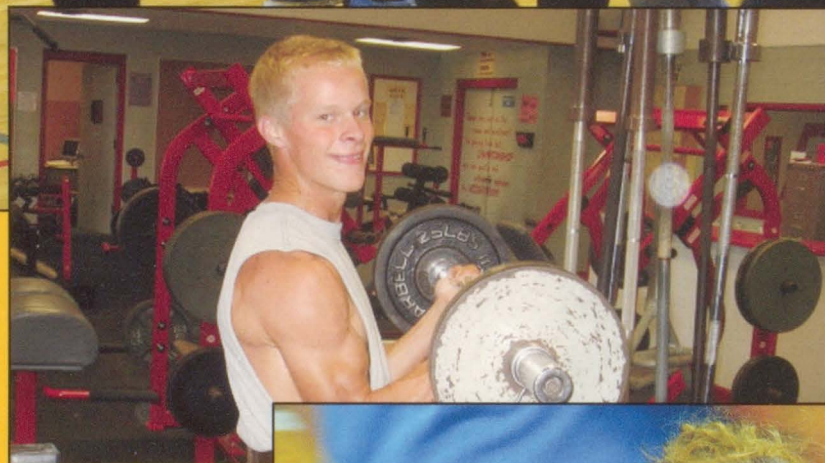

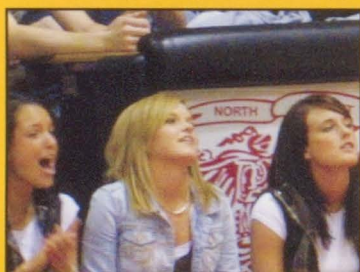

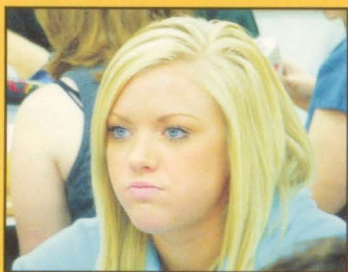

In 1988 the yearbook was still black and white but playing games was a popular thing to do in class.

The class of 1998 celebrates being the 40th class to graduate from North Scott High School.

Congratulations North Scott!

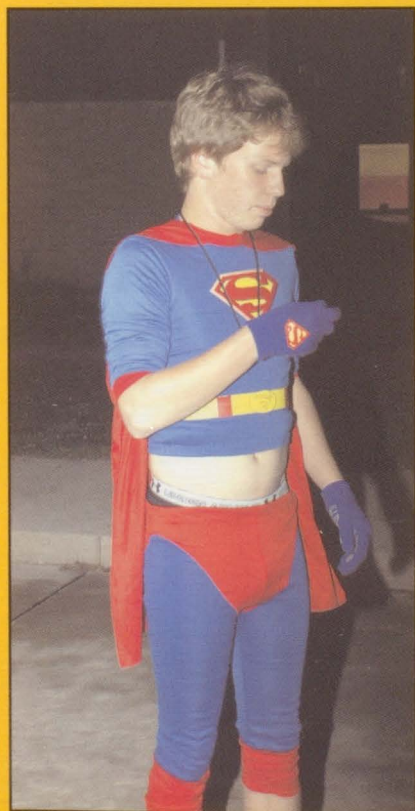

Seniors

Don't cry because it's
over. Smile because
it happened.

--Dr. Suess

A congratulations is in order for the class of 2008. We did it!!!! The endless hours in front of computer screens typing papers at the last minute, the test cram sessions during our lunch periods, and of course balancing all this with sports, clubs, and jobs. With the many opportunities appearing before us we will make the choices that are right for us. Hopefully we can keep old friends and make some new. High School has been some of the best years of our lives and it has made us who we are now and what we will be on the road ahead. Good luck in the future class of 2008 you finally did it!!

Finally the first year of being an upperclassmen. High school is already halfway over and before the realization hits, senior year will be here. The time is coming to start making decisions that will influence the rest of your life. This year is consumed by studying for the ACT's, the massive amount of homework that needs to be finished, part time jobs, and extra curricular activities. Finally the respect never received has been shown at last. Junior year is often considered the hardest and everyone looks forward to the weekends for a breather. So even if you don't have all the answers yet hang in there because overall it was a great year.

-Dr. Seuss

Ah, the Sophomore year. Acquiring the title of Sophomore gives one a feeling of accomplishment. No more "Freshy" comments from the older students but, not yet ready to achieve the upperclassmen state of a Junior. We are steadily climbing to the peak of success. However, Sophomores that are coming of age double the excitement of their Sophomore year. This means new drivers and what could be a better way to improve the skills needed to park in our future upperclassmen parking spots then to start driving? Overall Sophomore year was full of memories that will last a lifetime!

Freshmen

I have heard there are troubles of
more than one kind. Some come
from ahead and some come from
behind. But I've bought a big bat.
I'm all ready you see. Now my
troubles are going to have troubles
with me! -Dr. Seuss

Congratulations you have finally made it to high school! Freshmen year is full of opportunities to join clubs, play sports, and learn what high school life is all about. Meeting new people and being a part of new activities is only an introduction to your high school career. With more homework and harder classes than Jr. High, the first year in high school may be stressful, especially since you have to go through the newly developed freshmen house. However, freshmen year begins the memories that will last a lifetime.

Faculty

Sometimes the
questions are
complicated and the
answers are simple
-- Dr. Seuss

For the past 50 years the North Scott Faculty has done an outstanding job teaching the students at North Scott but most of us we don't realize how hard the faculty works and how truly dedicated they are. Despite the challenges that teachers face in the world of education today they are here everyday and every night willing to teach, help and counsel students to insure success not only in academics but in their lives as well. Although no faculty member has been here for 50 years we would like to thank every faculty member that has, is, or will work here in the future.

Student Life

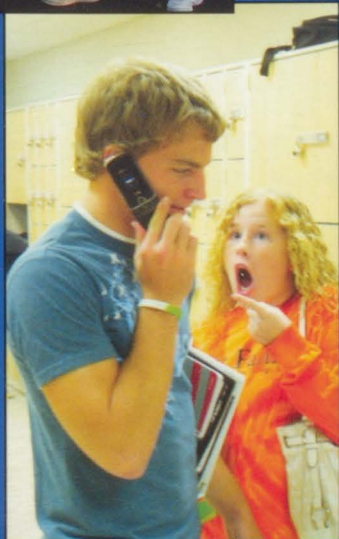

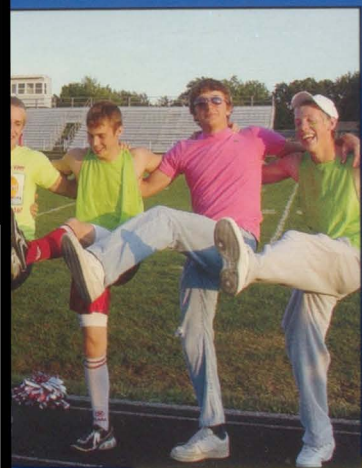

Today was good.

Today was fun.

Tomorrow is
another one.

--Dr. Seuss

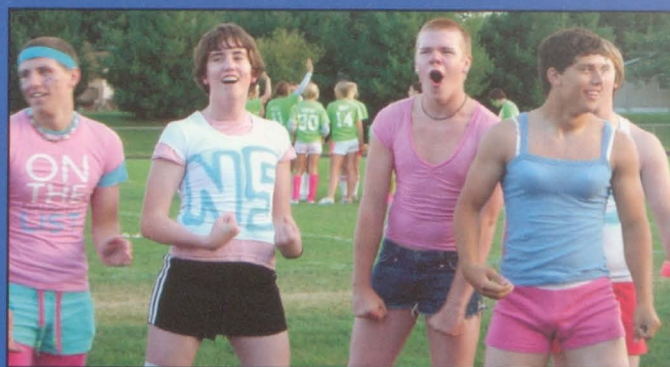

M
 Memories last a lifetime. Every year North Scott students make memories that they will remember for the rest of their lives. Activities at North Scott are only some of the things that students do every year. There is a club or activity for everyone in which friendships are formed that will last a lifetime. Classes keep everyone busy, and even though the activities students do make everything even more hectic, the memories that are always being made will last a lifetime. Over the next 50 years, we will realize that these moments and stories from high school truly will last.

PAMELA ESGUERRA

-What country are you from? Columbia

-What was school like back home? Easy, smaller than North Scott, 16 people in my graduating class, we stay in one class the whole day and the teachers switch, 6:30 - 12:30 then eat lunch at home and come back at 2:30 and leave at 4:30

-Do you prefer your old school or our school system? My old school because all of my friends are there

-What did you do in your spare time at home? Listen to music, make brownies and cookies with friends, movies, go shopping and play soccer

-What do you miss most about home? My friends, family, Colombian food and music

-What is your favorite thing about America so far? The culture, people, and the landscape

CECILIA GONZALEZ DIEZ

- What country are you from? Spain
- What was school like back home? Start at 8:45 and finish at 2:45. Harder classes
- Do you prefer your old school or our school system? Both have good things
- What did you do in your spare time at home? English lessons, violin lessons, and music lessons
- What do you miss most about home? Everything, people, parties, town, and language
- What is your favorite thing about America so far? Sweets and stuff, people

ARTHUR CAMONA SOUZA

- What country are you from? Brazil
- What was school like back home? In Brazil, I studied in a private school. It was smaller than NSHS, but also a great school.
- Do you prefer your old school or our school system? I like both. In the American system, I like that we can choose classes (it doesn't happen in Brazil).
- What did you do in your spare time at home? I used to surf the internet and hang out with friends
- What do you miss most about home? My family and friends
- What is your favorite thing about America so far? I like American people, They have been friendly and really helpful

MARIE GAUDEBERT

- What country are you from? France
- What was school like back home? I was in my last high school year, so it was difficult and stressful, but I had my graduation (which is an exam). School in France is more difficult, longer (8-hour days), and we can't choose our class, but it was really funny and friendly. I love my old school.
- Do you prefer your old school or our school system? There is so much difference. Both have good sides and bad sides. I haven't got a preference
- What did you do in your spare time at home? I went away with friends, painted, drew, went to festivals, to the sea, traveled, and swam.
- What do you miss most about home? I miss my friends, my family, and my clothes.
- What is your favorite thing about America so far? PEANUT BUTTER!

PAULA WAGNER

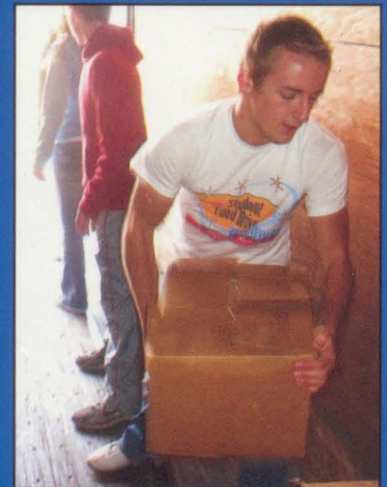

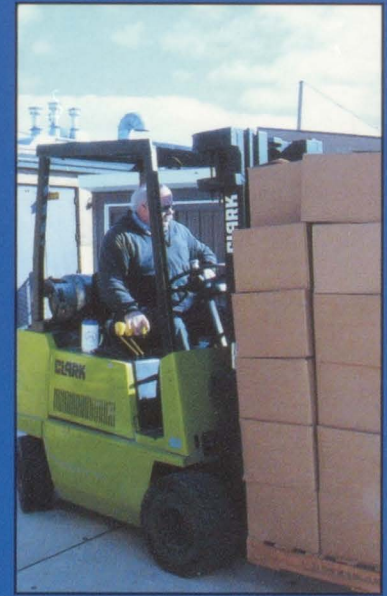

- What country are you from? Germany
- What was school like back home? 7:50-3:45, 7:50-1:30
- Do you prefer your old school or our school system? I prefer the school system in Germany, because when you are a senior you have class with only seniors.
- What did you do in your spare time at home? Volleyball training, women's chorale, meet my friends, play the piano, dance hip-hop, and judo
- What do you miss most about home? My boyfriend, my family and friends, making party/ disco, and Germany in all
- What is your favorite thing about America so far? The good and different possibilities to do sports at home and in town.

Over the past 50 years North Scott Athletics have grown to be the pride of Lancer country. A Lancer will not only overcome all odds to bring home a victory they will do it with pride and excellence. This year many new things have been happening for our Lancers. New coaches and new equipment have helped the Lancers march on to victory. The support of the community over the past 50 years has helped the Lancers to succeed. W

Welcome the the 50th year of Academic achievement. North Scott students have been excelling in academics for 50 years now and this year is no different. 50 years ago, taking required classes was just a part of school, and getting on the honor roll was a great and rare achievement. Now students go above and beyond just the required classes with the new options of taking honors classes and college classes while still in high school. There is also a wider variety of electives available for students to satisfy their individual interests. Getting on the honor roll is just a part of life and is expected of students. 50 years of evolution has done our school good, and it's only going to get better in the years to come, so keep up the good work!

"Brigadoon. Brigadoon. There my heart forever lies." These sweet lyrics ring true for most of us who have been fortunate enough to travel to Brigadoon. But what is it about this place, this musical that touches our hearts, and we're never quite the same? Is it because it is a love story? No, we've seen countless love stories come and go over the years. Is it the pageantry that embodies the Scottish culture and the call of the bagpipes? No, we're accustomed to seeing lush costumes and striking traditions on stage. No, I believe that when it all comes right down to it, the thing that Brigadoon brings us that we all desperately need in our cynical, pessimistic world is a little magic. We need to believe that miracles really can happen now more than ever. We need to be taken away where there are happy endings and the impossible is possible. We long to witness a miracle not only for the characters on stage, but for ourselves as well because we need that hope and optimism restored for us. And what is more miraculous and full of hope than live theatre and what it does for our young people who perform and or those of us in the audience? Seeing a stage transformed into a Scottish village lying in the mist, witnessing young men and women who can sing and dance in ways you never imagined, watching dozens of teens working together to create the ultimate evening's entertainment- this is magic! Live theatre does what no other medium can- it touches our hearts, feeds our souls, and nurtures our spirits. Unlike film or television which are passive and remote, theatre is here, now, and very pulse before us! Our students who take part in theatre, both on stage and behind the scenes cultivate thier imaginations, sark their thinking and problem solving skills, and transform not only them, but us as well into another world. And what can be better than that? Live theatre, like magic, is needed more than ever in schools. Theatre prepares our youth for their futures, develops their self-confidence and enhances the quality of life for everyone in our community. Mr. Lundie says it all when he tells Tommy "There must be a loy of olk out there who'd like a Brigadoon."

Yes there are, Mr. Liundie, because of the miracle that is Brigadoon and the magic that is high school theatre. Encourage and support your local theatre!

“

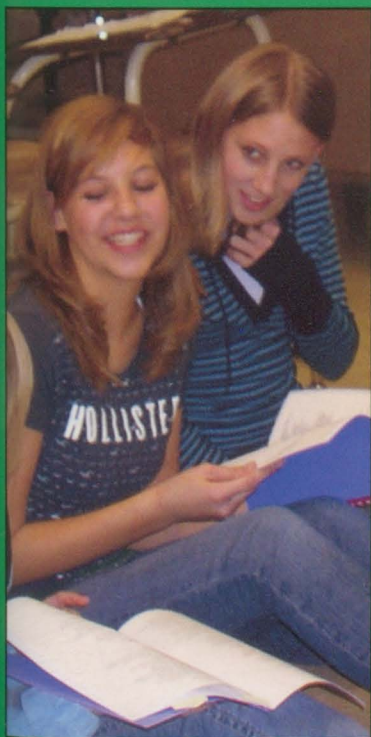

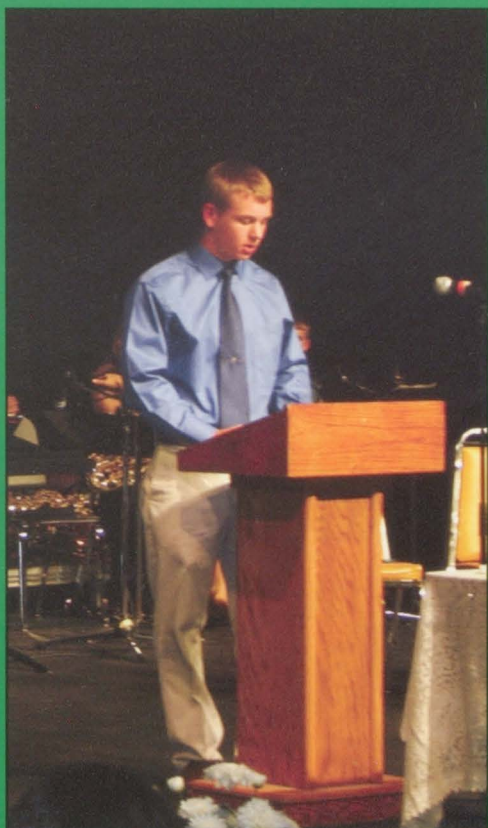

**If you never did,
you should. These
things are fun,
and fun is good.**

--Dr. Seuss

”

With hobby diversity dwindling at North Scott, many students have ventured into activities that bring new hobbies, Clubs. Ranging from Fellowship of Christian Athletes, to Debate, North Scott students attend early morning meetings, after school activities, Friday night fundraisers and even some Saturday activities to fill their clubs expectations. Being in a club at North Scott is unlike any other activity. Everyone is involved, instead of sitting on the bench. There are no grades and the teacher or adult involved has the same interest as you, so your personalities align, making a club an inviting and welcoming environment for students and others to put your interests at task. If your interest meter with normal activities comes to a screeching halt, try joining a club to exercise your time.

North Scott High School

50th Golden Anniversary Edition

As the years go on North Scott High School will change. The students will come and go and so will the faculty. Throughout the years new traditions will be made while old ones are kept. Many things happened this year: Kevin Tippet became the new head football coach. Jacquelyn Daters and Logan Dues became our homecoming king and queen; we had dances full of times of our lives, winter magic, and seeing how far we've come; the cross country team made it to districts; the speech team sent two teams to All-State while individuals went to State; history Day has 31 participants; the dance team became first runner ups in Pom and Jazz and our Jazz band was selected to perform in Iowa City; Lancer Productions put on plays and musicals full of Packs of Lies, the magical Brigadoone, and the famous Ramona Quimby; all of our Freshmen were put into an 8 period schedule called "Freshmen House" to transition them into high school world; we had many snow days that pushed our last day into June and senior's last day was May 21. Overall many things happened that will create memories that will last a life time. So seniors take one last look and remember that you were part of the 50th graduating class of North Scott Senior High School. Congratulations and good luck in the future.
